

PROFIN Progressive Finish AG looks to a continued successful future with the second generation of management!

After 18 years at the helm of **PROFIN** Josef Vogel says goodbye to his active position and officially hands over the management of the family business to the next generation as of July 1, 2021.

The general management will be taken over by Manuela Bosshard, who has been with the company since its foundation and has been preparing for this step alongside her father for some time. The company will be strengthened by Patrick Botta, who will take over the management of sales with his many years of operational experience, as well as by Nicole Botta as an already experienced member of the board of directors with responsibility for finance & HR.

The second generation is looking forward to the new challenge of leading the successful company into the future. We congratulate them on this step and wish them every success!

Josef Vogel will continue to serve on the Board of Directors and support the company with his know-how as a senior consultant. In this way, **PROFIN** ensures the necessary continuity for its customers and the company.

PROFIN says THANK YOU for 18 successful years with Josef Vogel, during which we were able to grow together as a company, as a team and as people. The tireless commitment and the enormous foresight with innovative solutions such as FLAKKOTING have led **PROFIN** technologically to the top of the world. We say THANK YOU for the support and development of each individual. This puts us in an excellent position to expand this high level even further.

The family leading team (from left to right): Nicole Botta, Patrick Botta, Manuela Bosshard, Josef Vogel

Our biggest THANK YOU goes to our customers, who have trusted us over the past 18 years and whom we can continue to support successfully with the second **PROFIN** generation!

We look forward with all our business partners to a continued successful cooperation as well as personally and economically all the best!
